

ADDITIONAL INSTRUCTIONS FOR THE APPLICANT

Give your faculty mentor (1) the page entitled "Additional instructions for the faculty mentor", and (2) the faculty mentor cover sheet.

Your faculty mentor should complete and sign the cover sheet, and also write a letter of support. He/she should place both of these in a sealed and signed envelope, which is to be returned to you.

Your completed application, including your faculty mentor's cover letter and letter of support, must be given to the Biology Department Office no later than **Feb. 22, 2002**.

Remember: you need an official transcript including fall semester grades.

THE FOLLOWING PAGES ARE THE PFIZER APPLICATION -

DETACH THESE PAGES AND FOLLOW THE INSTRUCTIONS.

STUDENT APPLICATION COVER SHEET

Name: _____

University: _____

Department
(Major): _____

Faculty Mentor: _____

Campus Mailing Address: _____

Campus Telephone: _____

Email address: _____

Permanent **Home** Address: _____

Home Telephone: _____

Please address the following on additional sheets of 8.5" x 11" paper:

1. Title of your project
2. Describe the project you propose to undertake this summer. Describe your background that has prepared you to do this work, and your proposed methodology. Provide as much detail as possible.
3. Indicate how a summer research project fits into your long-range plans. Provide any background about yourself and/or your personal or professional goals that you would like us to know. Describe the importance of this opportunity to your personal and career plans.

Attach your response to this cover sheet, sign this cover sheet, obtain a copy of your Official Transcript, and return the completed packet, along with your faculty mentor's letter, to the Biology office, NO LATER THAN FEB. 22ND, 2002

Signature: _____

Date: _____

Give this page to your faculty mentor along with the faculty mentor cover sheet (next page):

ADDITIONAL INSTRUCTIONS FOR THE BRANDEIS FACULTY MENTOR:

Your student is applying for a Pfizer fellowship to conduct full-time summer research (10 weeks) in your laboratory. *The applicant – if awarded this fellowship – is expected to give a poster presentation of his/her work in the Fall at Pfizer.*

Please fill in the faculty mentor cover sheet, attach your signed letter of support [as described in the faculty mentor cover sheet, next page], and place both in a sealed and signed envelope. Give this envelope to your student, who will place it in his/her application material. The application will be evaluated by a Brandeis selection committee, and the best one or two applicants in the candidate pool will be nominated to Pfizer for consideration.

Your student's completed application, including your cover letter, must be given to the Biology Department Office no later than **Feb. 22, 2002**.

FACULTY MENTOR COVER SHEET

Faculty Mentor: _____

Academic Title: _____

Institution: _____

Campus Mailing Address: _____

Campus Telephone: _____

Email Address: _____

Student Nominee: _____

Please describe the project your student has proposed and comment on his/her ability to carry out the work. Comment as well on how you believe this particular student will profit from a paid summer research fellowship, both personally and academically. Finally, please specify your willingness to supervise the student's work and your availability during the summer to carry out these responsibilities.

Please attach your statement to this sheet, sign the cover sheet, and return all in an enclosed, signed envelope to your student for inclusion in his/her application packet.
